OCT 6 1977

Northern States Power Company  
ATTN: Mr. L. O. Mayer, Manager  
Nuclear Support Services  
414 Nicollet Mall - 8th Floor  
Minneapolis, Minnesota 55401

Gentlemen:

By letter dated July 18, 1977 you submitted revisions to the Physical Security Plan for the Monticello Nuclear Generating Plant. The requested changes are currently being considered as part of our review of the Monticello Amended Security Plan in accordance with Title 10 Code of Federal Regulations, Part 73, Paragraph 73.55.

Because we will ultimately determine the acceptability of the proposed changes as a part of the Modified Amended Security Plan (MASP) for Monticello, you should assure that the provisions of Attachment A of the July 18, 1977 letter are included in the MASP, which is to be submitted November 1, 1977.

Until our review of the MASP is complete, the current Monticello Security Plan, revision number four, dated August 22, 1975, shall remain in effect.

Sincerely,

Don K. Davis, Acting Chief  
Operating Reactors Branch #2  
Division of Operating Reactors
