**Name of Licensee:** Hot Asphalt Paving, Inc.**Name of Participant(s):** Fabianni Torres & Sattar Lodhi**Telephone No.** 787-840-8543**Subject:** Additional Information

The license application dated 9/5/2011, from the applicant did not include all of the required information. I had tried to call the applicant twice, but no one spoke English. I requested Lester to call them, but he did not get a chance to call the applicant. Finally on October 13, I sent a letter requesting additional information, but as of today, we did not receive any response from the licensee. Therefore, I called the applicant and this time, I was directed to an individual who spoke very little English. She did not know anything about the application so I assisted her in getting Appendices A and B from the NRC web site, and assisted her (after a very tortuous struggle) in completing the Appendices. I reminded her to complete Item 13 of the application and have Mr. Torres sign and date the application. She told me that she was the daughter of Mr. José Torres.

I provided her with my telephone number, as well as the DNMS' fax number, and control number. She promised to fax the completed application soon. Randy is scheduled to be in PR the week following Thanksgiving, and I requested him to do a pre-licensing visit and obtain correct number of gauges and their model numbers.
