Thank you all for being a part of the meeting on Tuesday May 18th. I do not have everyone's email so please feel free to pass this on to others who attended. Although there are some logistics that will have to be worked out, we made great progress toward cleaning up the SLDA site of both radiological and chemically contaminated material. I applaud everyone for their efforts! I have not compiled the entire discussion, rather the options that most thought would be feasible.  
Please find the the following for further discussion :

(b)(5)

Please provide comments to me on this synopsis and think of the logistics to perform these activities with in the next two weeks . We will then schedule a follow up call or meeting for the end of June or beginning of August.

Thanks again for all your efforts.

Mike
