

February 16, 2012

The Honorable Barbara Boxer
Chairman, Committee on Environment
and Public Works
United States Senate
Washington, DC 20510

Dear Madam Chairman:

The U.S. Nuclear Regulatory Commission (NRC) is publishing in the *Federal Register* a direct final rule and companion proposed rule that will amend the "List of Approved Spent Fuel Storage Casks" in Title 10 of the *Code of Federal Regulations* 72.214. The NRC is approving the Holtec International HI-STORM 100 dry cask storage system (as amended) for storage of spent fuel under the new conditions specified in the revised Certificate of Compliance (CoC).

The amended Holtec International HI-STORM 100 dry cask storage system will meet NRC requirements, and thus adequately protect public health and safety. This cask system will continue to allow holders of power reactor operating licenses to store spent fuel in the cask system under a general license.

Sincerely,

/RA/

Rebecca L. Schmidt, Director
Office of Congressional Affairs

Enclosure:
Federal Register Notice

cc: Senator James M. Inhofe

February 16, 2012

The Honorable Thomas R. Carper
Chairman, Subcommittee on Clean Air
and Nuclear Safety
Committee on Environment and Public Works
United States Senate
Washing, DC 20510

Dear Mr. Chairman:
