Licensees: Stamford Hospital and The Heart Physicians

Docket No. 030-01265 & 030-35382

Ms. Bull,

In order to complete the transfer of the prior facilities, equipment, and sources previously licensed to The Heart Physicians (License No. 06-30571-01), we need the following additional information:

1. Confirm the address of use, Suite 1300 or Suite 1400?
2. Provide the manufacturer and model number of the instrumentation that will be used at 80 Mill River Street.
3. Confirm whether Drs. Choi, Green, or Cusack should be listed on your NRC license.
4. The Heart Physicians were previously licensed for a second stress room located beside the restroom. Please confirm if you still require this area of use. If not, please provide the last date of use of this area for stress testing using licensed material.
5. Confirm that all records concerning the safe and effective decommissioning of the facility have been transferred to Stamford Hospital and that Stamford Hospital accepts responsibility for the facilities, "as-is". These records include documentation of surveys of ambient radiation levels and fixed and/or removable contamination. Alternatively, you may submit complete closeout surveys for all facilities previously used by The Heart Physicians.
6. Confirm that Stamford Hospital has accepted the sealed sources transferred by The Heart Physicians.

You may fax your reply to my attention to 610-337-5269. Please reference Mail Control Nos. 576364 and 576365 in your response. Thank you for your assistance,
