Subject: (NOTE: This will be used as the Documents Title in ADAMS)		Amendment requests to Licenses and a notification -						
<p>Mr. Miller called me to discuss the 2 amendments and one notification regarding the above listed mail control numbers.</p> <p>For both amendments, we needed to ensure what the correct mailing address was for each license as they were different on the 2 form submitted. Mr. Miller confirmed that they had recently changed mail stop numbers from one floor to another which resulted in both applications being different. He confirmed that the correct mail stop number should be LP 4B, and to also remove 6A Lookout Place.</p> <p>I also requested that he send us a copy of the device receipt record from the company where the 24 gauges were sent. He stated he would.</p> <p>I asked Mr. Miller to send a letter confirming what the mailing address should be along with the gauge receipt record before we would issue the amended licenses and notification.</p> <p>I thanked them for their time and ended the call.</p>								
Action Required: Issue administrative amendment once the requested information is received from licensee.
