R1 Release

I will be out of the office and Mark is acting for me and he and and Laurie are in training that day. It's not likely they will be able to attend. Will you be attending the meeting?

Subject: SLDA Public Info Session Nov 9

All- USACE has scheduled a public information session on Tuesday, November 9th at 6PM. - Janna

Purpose: SLDA Public Information MTG to update public on SLDA project activities from AUG 10 until present. Focus will be on community outreach, incident management and site activities from AUG until now. To conclude we will share what the public can expect from the project until the end of Winter and address community questions.
