UniStar's submittal, ADAMS Package **ML120120243**, contains applicant's amended submittal for response to RAI 280 (eRAI 5276), Question 10.04.05-5, pertaining to internal flooding. Specifically, this submittal provides a revised FSAR figure 2.5-173. The previous figure submitted with the RAI response dated October 20, 2011 was missing the directional arrow (showing North direction) and the scale of the drawing. This revised figure shows those two items. The package consists the following two parts:

ML12012A100: Contains UniStar's cover letter UN#11-299 dated December 16, 2011.

ML12012A137: Contains Enclosure 1 of the UniStar's letter which is the revised FSAR Figure 2.5-173

Please review this submittal in preparing the Phase 4 deliverable - the SER with no open items.

Thanks.
