In addition to the general clarification to the RAI questions, the following editorial changes were also agreed to by the attendees:

1. The item number “3.m” stated in the second bullet of the follow-up RAI question should be changed to “3.l”
2. The last part of the statement in the 7<sup>th</sup> bullet of the follow-up RAI (pertinent to the manual operation of the traveling screens), should be changed to say “.....would possibly effect the operability of the traveling screens.”
3. The “bullets” in the follow-up question should be changed to “numbers”.

The RAI will be issued as FINAL, with the above changes.

Thanks.
