

**REQUEST FOR ADDITIONAL INFORMATION 893-6232 REVISION 3**

1/24/2012

US-APWR Design Certification

Mitsubishi Heavy Industries

Docket No. 52-021

SRP Section: 04.02 - Fuel System Design

Application Section: SRP-4.2

QUESTIONS for Reactor System, Nuclear Performance and Code Review (SRSB)

04.02-51

In MHI's response to RAI 129-1673, Questions 4.2-18 and 4.2-19, documented in UAP-HF-11427 (December 2011), MHI agreed to a fuel inspection campaign and a corresponding DCD wording revision. The staff is requesting that the DCD wording revision given in the response Question 4.2-18 be made Tier2\* in Chap 4.2.
