Subject: Confirmation of name of authorized user

(NOTE: This will be used as the
Documents Title in ADAMS)

On January 31, 2012, we received confirmation for the removal of four authorized users (AUs) and the addition of three AUs to the PMCI license. I confirmed that Dr. Steffen Hillemann and Dr. Janet Kirwan were both on NRC Licenses 37-28520-01 and 44-30682-01. They had also requested to add a Dr. Christopher Higgins and referenced that he had been on NRC License 44-30682-01. When I reviewed that license, it listed J. Christian Higgins, M.D. I called Gayla to confirm that they were the same person. She spoke to him directly and confirmed that he is J. Christian Higgins. He is called Chris so they had mistakenly thought he was Christopher, not Christian. I did believe that it was the same person since all three doctors who were requested to be added were previously listed on the same license (one that had recently been terminated). I knew they were part of the same practice from previous license amendments. They were also practicing in the same area of Vermont. I will add all three AUs to the license (including J. Christian Higgins, M.D.).

Action Required: Process amendment.
