**Subject:** No Nukes Near Asheville, PULEEZE!

What we have here in this area are people who know better. What we have here is one of the best left places in the East, maybe the country. What we are doing is learning how to live on less and what alternatives we can use.  
Don't spoil it with your bad news, bad plans, bad nukes.

No nukes for all. No nukes for Asheville. You know all the reasons why!
