SUBJECT: LETTER OF APPRECIATION FOR PROTECTIVE SERVICES FOR THE WILLIAM
STATES LEE III NUCLEAR STATION UNITS 1 AND 2 DRAFT ENVIRONMENTAL
IMPACT STATEMENT PUBLIC MEETINGS

Dear Sheriff Mueller and Major Hartman:

The U.S. Nuclear Regulatory Commission (NRC) extends its thanks to the Cherokee County Sheriff's Office for providing protective services at the William States Lee III Nuclear Station Units 1 and 2 draft environmental impact statement public meetings on Thursday, January 19, 2012. In particular I would like to thank Lieutenant Jason Burgess, Sergeant Steven Bright, and Deputy David Owens for their service at the afternoon and evening meetings, which stretched from 11a.m. until 11p.m. Their professional and protective presence provided a safe environment where all meeting participants were able to freely express their respective viewpoints, comments, and concerns about the proposed Lee Nuclear Station and the NRC's technical and environmental review process for combined license applications. The support from your office was reassuring to the NRC staff during the long day of meetings and the interactions they had with a healthy and active public turnout.

Sincerely,

/RA/

Patrick Madden, Deputy Director
Environmental Projects
Division of New Reactor Licensing
Office of New Reactors
