Name of Participant(s):

Russell Hodges & Sattar Lodhi

Telephone No.

304 256 5814

Subject:

Disposition of Licensed Material

(NOTE: This will be used as the
Documents Title in ADAMS)

The licensee requested termination of its specific license and submitted NRC Form 314, along with the leak test records of the transferred gauges. I reviewed the current license and noted that the license authorized fixed gauges as well as a Troxler Model 3400 series portable gauge. The latest inspection record dated July 10, 2008, also documented that the license also possessed the portable gauge. The licensee's documentation did not indicate disposal of the portable gauge.

I called the licensee to determine the status of the portable gauge. The licensee stated that on November 9, 2010, the gauge was transferred to another licensee (Alliance Consulting, 47-24836-01) and he had documentation of its receipt by Alliance Consulting. I requested the license to send a copy of the recipient's letter.

The licensee will fax the letter today.
