Mr. White

I am responding to your January 26, 2012 e-mail to NRC Chairman Jaczko; specifically your question about the "status of the Long Term Taskforce for the Fukushima Daichi report."

The status of NRC's actions in response to the events at Fukushima Dai-ichi can now be found on the NRC website at <http://www.nrc.gov/japan/japan-info.html>.

As information becomes available, the staff will update the site.

I hope this addresses your question.

Sincerely,
