Marty,

The public meeting with the licensee that was tentatively scheduled for today was called off by the Region in mid December (see email attachment). As of now, the Region provided comments on the draft TIA early this week and requested if we could finalize and issue the TIA response around Jan 31 or thereabouts. They would like to time the issue the standalone inspection report with the TIA issue.

Thanks.
George

I informed NextEra yesterday that this Jan 19th meeting is off in light of new direction to ask for a response on their plans and positions or set up a management separately. We will discuss further on Tuesday Dec. 20.
