Subject: Response to RAIs regarding Ethnographic and TCP surveys

Ben,

In recent discussions on facilitating and completing the 106 consultation process following feedback NRC has received from several tribal nations, it would be better to have the Consultant overseeing the Cultural Survey, including an ethnographic survey, report directly to NRC staff rather than being hired directly by the applicant. The RAIs issued to Strata (ML113140580) included two RAIs (Cultural-1 and Cultural-2) which had requested additional information on the ethnographic surveys. In your response, it would be acceptable for Strata to note that NRC Staff has determined that the Consultant undertaking this role will be reporting directly to staff.

John Saxton
