Subject: Request for Additional Information (TAC L33032)
Date: Tuesday, March 06, 2012 10:30:00 AM

Hello Barry

The following questions are required to resolve your request for exemption from the requirements of 10 CFR 20.1703(c)(5):

1. Is the respiratory protection program designed by and under the supervision of a physician?
2. Is a physician ultimately responsible for the fitness determination and supervision of personnel performing the tests?
3. Does the physician review the overall results and individuals' cases that fall outside physician determined parameters?

Your response (whether written or by email) will be placed into ADAMS.

Please respond within 30 days if possible.

Regards

Nick Baker
