NRC STAFF'S UNOPPOSED MOTION TO CORRECT THE TRANSCRIPT
OF THE ORAL ARGUMENT HELD ON FEBRUARY 21, 2010

In accordance with 10 C.F.R. §§ 2.323(a) and 2.327(d) the NRC Staff ("Staff") hereby requests that the Atomic Safety and Licensing Board ("Board") correct the transcript of the prehearing conference in this matter, held on February 21, 2010. The Staff respectfully requests that the transcript be revised to incorporate the corrections identified in Appendix A, attached hereto. The Staff has limited its request to errors that altered the meaning of the Staff's statements.

In accordance with 10 C.F.R. § 2.323(b), counsel for the Staff has discussed this motion with counsel for the other parties in this proceeding. The Natural Resources Defense Council does not object to the proposed changes to the transcript but notes that these are not all of the corrections required to make the transcript accurate. Likewise, the Applicant does not object to the proposed changes to the transcript and intends to file another motion with further corrections.
