Dear Ms. Lanzisera:

Ohio Valley Medical Center ("OVMC") is the Lessor under a Lease dated August 1, 2010 with William E. Noble, M.D. for space located at the 6th Floor, Suite 601, West Building (the "Premises") of Ohio Valley Medical Center, 2000 Eoff Street, Wheeling, Ohio County, West Virginia (the "Lease").

Dr. Noble's office has advised us that you verbally requested certain changes to that Lease in connection with your on-site inspection of Dr. Noble's private practice on March 20, 2012.

It is our understanding that you have requested that 1) the Lessee be changed to include Valley Cardiac Diagnostics, LLC as an additional Lessee and 2) the Lease be revised to permit a Lessee the opportunity to re-enter the Premises for the purpose of removing nuclear material in the event occupancy is terminated.

Please be advised that OVMC is currently under a Corporate Integrity Agreement ("CIA") with the HHS Office of Inspector General. Including Valley Cardiac Diagnostics, LLC as an additional Lessee falls within the scope of the CIA and we are reviewing the implications of such an amendment under Stark and Anti-Kickback laws as required by the CIA as expeditiously as possible.

While we are conducting that analysis, OVMC agrees, effective immediately, that any Lessee of the Premises (including any subtenant, sublicense, or assignee whether or not approved by Lessor under the Lease) whose occupancy is terminated for whatever reason may re-enter the Premises for the purpose of removing nuclear material. OVMC is committed to ensuring the health and safety of all occupants of the Building in which the Premises are located, including compliance by us and our tenants with NRC regulations.

We will advise you once we have completed our analysis of adding Valley Cardiac Diagnostics, LLC to the Lease under the CIA. If you have any questions or wish to discuss this further in the meantime, please feel free to contact me.

Sincerely,
