RE: License Amendment Request – License #29-30984-01, Amendment No. 3
Mail Control Numbers 577015 and 577054

Dear Ms. Gaskins:

The purpose of this letter is to revise the request made in a letter to Steen Courtemanche on February 15, 2012. Conopco Inc. has decided not to change the address of the applicant. The address of the licensee remains as:

Conopco Incorporated
700 Sylvan Avenue
Englewood Cliffs, NJ 07632

The address where the radioactive material is used remains as:

40 Merritt Blvd.
Trumbull, CT 06611

Since these addresses will not be changes, then the actions related to Mail Control Numbers 577015 and 577054, i.e., to void License #29-30984-01 and to create a new license based on the Trumbull, CT address, will not be required.

577015/577054
NMS3/RGN1 MATERIALS-002

The request to remove Room 143 (radioactive waste storage room) from the license remains as described in the February 15, 2012 letter. Please note that Room 143 was not specifically listed in the license, but it was included in the supporting materials describing where radioactive materials would be used.

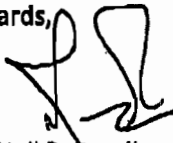

For all correspondence relating to License #29-30984-01, please use the following address:
