Subject: Request for confirmation of preceptor

(NOTE: This will be used as the
Documents Title in ADAMS)

Jefferson Radiology had submitted a license amendment request to add eight authorized users and to remove fourteen. For Jinnah Phillips, M.D., her preceptor attestation was signed by Judith Joyce, M.D., the Clinical Director of Nuclear Medicine for the University of Pittsburgh Medical Center (UPMC). Since UPMC is a medical broad scope license, I needed to confirm what Dr. Joyce is authorized for. I spoke with Michael Sheetz, the Radiation Safety Officer for UPMC. He confirmed that Dr. Joyce is currently authorized for 10 CFR 35.100, 35.200, 35.300, 35.400, and Yttrium-90 Sir-Spheres and TheraSpheres. She is an appropriate preceptor.

Action Required: Dr. Phillips is acceptable to add for 35.100 and 35.200. Wait for additional information requested by email on May 4, 2012, and then process license amendment.
