Re: USNRC Materials License No. 13-10205-01

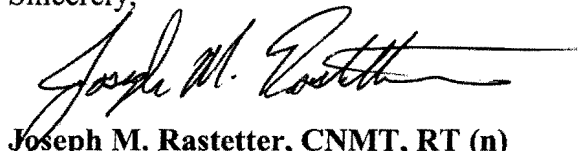

Dear Sir/Madam:

This correspondence is sent as a notification to your office requesting the addition of Douglas K. Nam, M.D. as a physician authorized user. **Community Hospital of Anderson** wishes to add Doctor Nam for USNRC licensed material identified as 10 CFR 35.200 materials. Dr. Nam appears on USNRC Materials License 13-32537-01 located at Heart Partners of Indiana, LLC, 1210 B. Medical Arts Blvd, Suite 114, Anderson, IN 46011 (Copy included with this correspondence).

At this time I would also like to request the removal of: Vincent M. Bournique, M.D. as this individual is no longer involved in USNRC licensed activities at this facility.

Both of these actions have been approved by the Radiation Safety Committee at **Community Hospital**. If you have any or require additional information, please feel free to contact me by any means available to you at any of the contact information noted below. In the meantime, have a pleasant day.

Sincerely,

Joseph M. Rastetter, CNMT, RT (n)

Amendment No. 09

13. The licensee is authorized to transport licensed material only in accordance with the provisions of 10 CFR Part 71, "Packaging and Transportation of Radioactive Material."
14. In addition to the possession limits in Item 8, the licensee shall further restrict the possession of licensed material to quantities below the minimum limit specified in 10 CFR 30.35(d) for establishing decommissioning financial assurance.
15. Except as specifically provided otherwise in this license, the licensee shall conduct its program in accordance with the statements, representations, and procedures contained in the documents, including any enclosures, listed below. This license condition applies only to those procedures that are required to be submitted in accordance with the regulations. Additionally, this license condition does not limit the licensee's ability to make changes to the radiation protection program as provided for in 10 CFR 35.26. The U.S. Nuclear Regulatory Commission's regulations shall govern unless the statements, representations, and procedures in the licensee's application and correspondence are more restrictive than the regulations.
