Dear Ms. Piskura,

I am writing to ask you to remove my name as the Radiation Safety Officer for Synergy Mobile Imaging, NRC license# 21-32673-01.

I was last allowed access to the Synergy coach on June 27, 2011. I have not seen nor had knowledge of its location or contents since that date. A sealed source inventory was conducted at my last visit and all sealed sources were present at the time.

I have had only one conversation with Maria Rabara in the past year. During that conversation I urged Ms Rabara to take the steps necessary to terminate her NRC license. She assured me that she would resolve this situation. I have had no further contact with Maria or Synergy.

As I have not had contact with Synergy, let alone influence, I do not want to be responsible in any way for their recent irresponsible behavior. In no way do I approve of their actions, or lack thereof, over the past year.

If I can be of any help to you, or if you have questions, please call me at 734-395-9323.

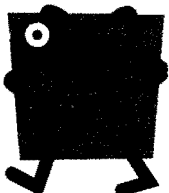

Thank you for your assistance in this matter.

Sincerely,

Vincent McCormick, M.S., DABR  
Certified Medical Physicist
