

June 8, 2012

The Honorable Barbara Boxer  
Chairman, Committee on Environment  
and Public Works  
United States Senate  
Washington, DC 20510

Dear Madam Chairman:

The U.S. Nuclear Regulatory Commission (NRC) intends to publish a final rule in the *Federal Register* that amends the regulations that govern advance notification of shipments of irradiated fuel and certain other radioactive wastes. Specifically, the final rule requires licensees to provide advance notification to participating Federally-recognized Tribal governments prior to shipping the specified radioactive materials through their Tribal reservations. The rule also extends to Tribal officials, his or her designee, and Tribal law enforcement personnel relief from fingerprinting requirements required for access to Safeguards Information. The final rule will not only recognize Tribal sovereignty by informing Tribes of nuclear waste shipments passing through their reservations but will also recognize Tribal governments' interest in being informed of activities occurring on Tribal reservations.

Sincerely,

**/RA Amy Powell for/**

Rebecca L. Schmidt, Director  
Office of Congressional Affairs

Enclosure:  
*Federal Register* notice
