Jody, see below. It's VITAL Dr. Bacchus have a hard copy. Because of her documented reading difficulties, it's more time-consuming for her to read on a computer.

Hi Cara/Mary,
I went to the PO yesterday to get my hard copy of the FEIS.

There was a large box there from "Gray Graphics Corporation, Capitol Heights, MD with "USNRC in Rockville, MD" and "FEIS" on the label but the box was COMPLETELY EMPTY.

All over the top of the box was stamped:
"Received without contents at Athens, GA 30601"

My PO people said the box arrived unsealed and empty and they taped it closed and put the yellow "package" card in my mail box.

Let me know if I need to scan the top of the box with all those stamps or whether NRC simply will believe that there was a screw up and try again.
