RE: Materials License 42-23864-01E

Dear Mr. Struckmeyer:

We respectfully request that the Material License 42-23864-01E with the NRC be amended with the changes listed below and transfer the license to our site in Illinois. We have requested that our Illinois License (IL-01478-02) be amended to meet requirements of the NRC license. Ms. Mary Burkhart with IEMA is aware of the changes being requested and we have provided written documentation to her.

We request the following:

1. Change licensee address to 200 Abbott Park Road, Abbott Park, IL 60064.
2. Under condition 11, please change the address to K-Complex, Route 41 and Martin Luther King Drive, North Chicago, Illinois.

Except for where the sources will be distributed from, no other changes will occur. We will maintain security and inventory records and all other activities currently required.

Please call me at 847-935-8254 if you have any questions.

Sincerely,

Brian J. Wimmer
Radiation Safety Officer
