Dear Mr. Dryden:

This refers to your letters dated March 29, 2012, and May 15, 2012, notifying the NRC of the transfer of ownership and control of License 21-20250-01 issued to Community Memorial Hospital, d/b/a Cheboygan Memorial Hospital.

The transferee should note their new responsibility and liability as an NRC licensee. Specifically, responsibility is emphasized with regard to any ongoing NRC inspection and enforcement issues, investigations, facility decontamination and decommissioning funding resources. Please be advised, change of ownership/control cannot be transferred without **prior** written consent from the NRC (10 CFR 30.34 (b)). A copy of this regulation may be found on the NRC website at <http://www.nrc.gov/reading-rm/doc-collections/cfr/part030/part030-0034.html>. Also, please see NUREG-1556, Volume 15, "Consolidated Guidance About Materials Licenses - Program-Specific Guidance About Changes of Control and About Bankruptcy Involving Byproduct, Source, or Special Nuclear Material Licenses". A copy of this guidance may be found on the NRC website at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/sr1556/v15/>.

Since serious consequences to employees and the public can result from failure to comply with NRC requirements, prompt and vigorous enforcement action will be taken when dealing with licensees who do not achieve the necessary meticulous attention to detail and the high standard of compliance which the NRC expects of its licensees.

This also refers to the NRC Form 314, "Certificate of Disposition of Materials", dated, May 15, 2012, indicating that you wished to terminate NRC radioactive material license 21-20250-01 and add this facility as a location of use on McLaren Northern Michigan's NRC license 21-16732-01. Based upon the information submitted in your request, license number 21-20250-01 is hereby terminated, and the facility was added to McLaren Northern Michigan's NRC license 21-16732-01 by amendment 50.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.
