Understand the issue, unfortunately no. This information is required by procedure and process

What I did with TMI-1 (Jay Robinson) is have him send me the information in a password protect document. Then he called me with the password and we take great care with the information. Once the information is given to security/site access I delete the document.

Chris,

In the past we have had staff reluctant to give there SSNs. Therefore, I am obliged to ask you 2 questions: 1. What is the SSN going to be used for, and 2. Is there some other way for the NRC staff to gain access without giving there SSN.

Subject: Information required for site access to Limerick

Hi Rob and Lisa

To accomplish site access approvals, in preparation for the audits, I will need the following information for your respective audit teams.

I will need the following for ALL visitors:

VISITOR NAME (S)
LAST, FIRST, MI

SS #

If they plan on entering the protected area (i.e. they want to do walkdowns, etc.) then I need this additional information:

CITIZENSHIP

REPRESENTING – “NRC”

**Nuclear medicine
in past 30 days?
*Yes / No**

I would like to have the required info by 9/13 (at least for S&S Audit) so that we have time to get it processed through security.

Thanks Chris
