One other item.

We are hosting the License Renewal Electrical Working group meeting here at Kennett on September 28th or 29th. So, although not a massive conflict we would prefer to stay away from that week if possible

Hi Rob

We have a slight issue with our Environmental lead at Limerick. She is unavailable October 20th through November 4th. In our minds it is very important that she be available for the audit as she has all of the station history.

So my suggestion if you can accommodate is as follows

September 19th (environmental or S&S Methodology)

October 3rd October 10th (AMP)

October 24 (S&S Methodology) (if not done in September)

November 7th (environmental audit) if not done in September
