Thanks Chris.

Are you available for a quick call? I have a few AMP audit topics I would like to discuss with you.

Billy and Rob

This list can be used for both the S&S audit and the Program audits

Attached find the owners list for the LR engineers and the site counterparts. The first part of the list is the program owners. For the second part of the list I took the **Table 2.2-1 Plant Level Scoping Results table** from the LRA and put the owners in the left hand column to make it easy for you to match owners to systems. Any systems that are not in scope are shaded for easy recognition.
