Subject: Cameco's Marsland Expansion Area amendment application

John,

As I conveyed in a phone call to you, Cameco's Marsland Expansion Area amendment application was received by NRC on May 17, 2012. Currently, NRC is in the process of placing the application submittal into NRC's Agencywide Documents Access & Management System (ADAMS) for public viewing through NRC's website. As you indicated in the phone call, Cameco plans to submit a Cultural Resources appendix for the application. Contingent upon NRC's receipt of the entire Marsland application, NRC's acceptance review will begin July 30, 2012. NRC will also initiate the 106 process at the time the entire application is available for public viewing in NRC's ADAMS.

Regards,

Tom Lancaster
