The Honorable John Boehner
Speaker of the House of
Representatives
Washington, DC 20515

Dear Mr. Speaker:

In accordance with the Federal Activities Inventory Reform Act of 1998 and the Office of Management and Budget Circular No. A-76, "Performance of Commercial Activities," I am providing the web-site where the U.S. Nuclear Regulatory Commission (NRC) has posted its commercial activities inventory: <http://www.nrc.gov/about-nrc/2012-fair-act-inventory.pdf>.

As of June 30, 2012, the NRC's inventory contains 3,980 full time equivalents (FTE) staff of which 335 FTE (or 8.4 percent) perform commercial activities. As required by applicable guidance, the NRC has listed FTE performing commercial activities by organizational unit and geographical location which is reflected in the above-referenced web-site.

The NRC will forward to you any changes to the commercial activities inventory resulting from challenges received from interested parties as defined by the Federal Activities Inventory Reform Act.

Should you have any questions concerning the NRC's FTE inventory, please contact the agency's Director of the Division of Contracts, Mr. James C. Corbett, at (301) 492-3600 or at James.Corbett@nrc.gov.

Sincerely,

/RA/
