Subject: Proposal for Underground Storage of High Level Nuclear
Waste Casks

I am forwarding to you, for consideration by the Blue Ribbon Commission on Nuclear Waste, a proposal that I made at a recent hearing of the Nuclear Regulatory

Commission in San Luis Obispo on Long Term Storage of High Level Nuclear Waste.

At the meeting, Ms. Shelly Abajian, District Director for Senator Dianne Feinstein (CA), asked me for a copy. I forwarded the attachment to her earlier today.

Also at the meeting, the facilitator, Chip Cameron, suggested that I also forward a copy to the BRC. He provided me with your name as the appropriate contact.

I hope that you will give this suggestion a thoughtful review. I believe that it has merit, and will resolve some of the issues raised by the public at the meeting as well.

Thank you in advance for your consideration.

Respectfully,

Martin L. Meltz, Ph.D

Retired Professor with Tenure and Radiation Biologist, Univ. of Texas Health Science Center at San Antonio

Past-President, South Texas Chapter of the Health Physics Society

Vice-Chair, Committee on Man and Radiation (COMAR) of the EMBS

Member, International Committee on Electromagnetic Safety (ICES) of IEEE

Past member-Regional Emergency Medical Preparedness Steering Committee (REMPSC), San Antonio , Texas

Resident: Shell Beach, California
