ORDER

(Denying Intervenors' Motion to Supplement)

On May 17, 2012, Intervenors submitted a response¹ to Applicant's Motion for Summary Disposition of Contention 15.² Concurrently, Intervenors moved to supplement their response with additional information and argument to be provided by July 31.³ Intervenors allege that more time is needed because (1) Applicant has abused the proprietary privilege in withholding documents from disclosure, complicating Intervenors' attempts to prepare their response, and (2) they continue to have limited access to their expert witness, Arnold Gunderson.⁴

Intervenors previously requested a 10-day extension of time to respond to Applicant's Motion.⁵ Intervenors justified that request based on the limited availability of Mr. Gunderson, but

³ Intervenors' Motion to Supplement Response in Opposition to Applicant's Motion for Summary Disposition of Contention 15 (May 17, 2012).

⁵ Intervenors' Motion for Enlargement of Time to Reply to Pending Motions for Summary Disposition (May 4, 2012).

stated that he had “promised unimpeded availability to assist Intervenors beginning on May 8.”⁶ Intervenors further explained that they initially intended to ask for 20 days of additional time, but, “following reconsideration,” they decided that “they will be able to respond in the shorter, ten-day, period contained in this request.”⁷ The Licensing Board, for good cause shown, granted the request and extended the deadline from May 7 to May 17, but stated that “[n]o further extensions will be granted absent extraordinary circumstances.”⁸

In the motion presently before the Board, Intervenors have not identified any extraordinary circumstance that would warrant an additional extension. Intervenors do not allege that any of the facts presented in their motion and the attached declaration were unknown to them at the time they requested the initial extension, and they provide no explanation for why they did not raise these concerns earlier or seek a longer extension in their first request. Accordingly, Intervenors’ motion is DENIED.

IT IS SO ORDERED.
