Patients First is providing the following information in accordance with NUREG 1757, Volume 1, Revision 2, Section 8.2:

1. Patients First shall transfer its entire inventory of sealed sources to Mercy. Mercy has been confirmed as being authorized to receive these sealed sources. Results of leak tests performed within the last 6 months shall be provided to Mercy prior to the transfer and to the NRC, upon request, when the transfer of assets is approved.
2. All records pertaining to NRC regulated activities at this facility shall be retained by the management of Patients First in accordance with 10 CFR Parts 30 and 35 with copies being provided to Mercy as appropriate.
3. NRC Form 314, "Certification of Disposition of Materials" has not been enclosed. Following approval of the asset transfer by the NRC, Patients First will fax to the NRC written confirmation from Mercy that the sealed source inventory has been transferred and received.

In addition to the agreement to transfer assets, and upon approval of the NRC to the transfer, Patients First will subsequently terminate its material license. If you have any additional questions or require additional information regarding this letter, please contact Dr. Mohart at (636) 239-2711 or me at (636) 231-3722.

Very truly yours,

Mary Laubinger  
(on behalf of John M. Mohart, MD  
Radiation Safety Officer)
