Dear Mr. Russell:

This refers to (1) your letter dated March 12, 2012, notifying the Nuclear Regulatory Commission (NRC) of the pending transfer of control of NRC License 21-26599-01, issued to Three Rivers Health, and (2) to phone conversations with your office conducted between March 21, 2012, and June 12, 2012.

We have attached telephone conversation records, previously transmitted to your office via facsimile, for your convenience. Each record outlines additional information required in order for the NRC to approve a transfer of control. Subsequent to those telephone conversations, your office indicated that you were not ready to respond to the questions discussed.

As discussed during our most recent telephone conversation, we have voided your request for NRC consent to a Transfer of Control. This action is without prejudice to resubmission.

Should you choose to resubmit your request, please resubmit the request in its entirety, and ensure that a senior management representative signs your request for transfer of control, in accordance with 10 CFR 35.12(a). Include the name, telephone number and fax number for at least one person who serves as a point of contact with the request.

If you have any questions or require clarification on any of the information stated above, you may contact us at (630) 829-9887.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

Sincerely,

A handwritten signature in cursive script that reads "Sara A.B. Forster".
