Re: Offices covered by RAM License No. 42-19649-01

Dear Ms. Smith,

I would like to inform you that Baker Hughes is no longer storing radioactive materials at two facilities.

The facilities listed on the license are

- iv. 1250 Anna Drive, Gaylord, Michigan, and
- vi. 2106 Roxalana Road, Dunbar, West Virginia.

The sources and records from the Gaylord facility were sent to Fairmount City PA and the gauges and records from Dunbar were transferred to Clarksburg WV.

Baker Hughes has no plans to store radioactive materials at the two facilities in the near future but if things change we will of course let you know.

Should you have any questions or require additional information, please feel free to contact me

Sincerely

A handwritten signature in black ink, appearing to read "P. Simpkin", with a long horizontal line extending to the right.
