Docket 72-1

Director:

This letter is submitted per the requirements of the Morris Consolidated Safety Analysis Report (CSAR) for the period January 2011 to June 2012.

The required 72.48 evaluations were conducted for revision 13 and 14 of the CSAR. Three (3) sections were revised to incorporate the changes in the Site acreage. Section 1, Section 3, and Section 7 required minor changes in the text and three (3) of the figures were also revised.

The required 72.48 evaluations were conducted for revision 2 of the Morris Emergency Plan. Section 1 was revised to reflect the reduction in the total acreage owned by GE-Morris.
