Subject: Draft Test Protocol

Jason,

As discussed, I am sending this for your information as an example of a protocol that could be used to develop a Test Plan for Strainer Bypass Testing. After we have had a chance to discuss this further we will determine the best approach for sending the protocol to you to request NRC Staff review. I have discussed the protocol with Stewart Bailey and will inform him that we had initiated discussions for how to proceed.

If you have any questions please do not hesitate to contact me.

Thank you in advance for your efforts on this.
