Re: Initial Disclosures Pursuant to 10 C.F.R. § 2.336; Exelon Generation Company, LLC,
License Renewal for Limerick Generating Station, Units 1 and 2, Docket Nos. 50-
352-LR and 50-353-LR

Dear Counsel:

Pursuant to 10 C.F.R. § 2.336 and the Board's Scheduling Order dated May 7, 2012, Exelon Generation Company, LLC (Exelon) is providing the enclosed initial disclosures with respect to Natural Resource Defense Council (NRDC) Contention 1 as restated and admitted by the Board in LBP-12-08 on April 4, 2012.

Exelon's disclosures consist of the following

- Enclosure 1 is reserved for the names, addresses, and telephone numbers of the persons upon whose opinion Exelon will base its positions on the contention and upon whom Exelon may rely as witnesses, and a copy of the analyses and authorities upon which they base their opinions. Exelon has not yet identified witnesses for any hearing on the contention, and will update Enclosure 1 when it has identified its witnesses.
- Enclosure 2 provides a description, by category and location, of the documents, data compilations, and tangible things in the possession, custody, or control of Exelon that

Anthony Z. Roisman, Esq.
Maxwell Smith, Esq.
July 2, 2012
Page 2

may be relevant to the admitted contention, as modified by the Board's May 7, 2012 Scheduling Order.

- Enclosure 3 provides an index of documents, data compilations, or tangible things that may be relevant to the admitted contention but that contain proprietary or Sensitive Unclassified Non-Safeguards Information (SUNSI).
- Enclosure 4 provides an index of documents, data compilations, or tangible things that may be relevant to the admitted contention but that contain privileged information, as modified by the Board's May 7, 2012 Scheduling Order. Some of the materials identified on Enclosure 4 may also contain proprietary information or SUNSI.

In order to compile Enclosures 2, 3 and 4, a reasonable search was conducted of documents in Exelon's possession, custody, or control, from custodians (and central files) expected to have relevant materials. The attached affidavit attests that all relevant materials identified by this search that are required to be disclosed have been disclosed.

Exelon has been conservative in identifying documents for inclusion in Enclosures 2, 3, and 4. By identifying documents on those Enclosures, Exelon does not necessarily concede that the documents are in fact relevant or material to the admitted contention.

All documents are available through Morgan, Lewis & Bockius, LLP, located at 1111 Pennsylvania Avenue, N.W., Washington, D.C. 20004.

Sincerely,

Signed in Accordance with 10 C.F.R. § 2.304(d)

Alex S. Polonsky

NUCLEAR REGULATORY COMMISSION**

BEFORE THE ATOMIC SAFETY AND LICENSING BOARD

In the Matter of)	
)	
EXELON GENERATION COMPANY LLC)	Docket Nos. 50-352-LR
)	50-353-LR
(Limerick Generating Station, Units 1 and 2))	
)	

AFFIDAVIT OF NANCY L. RANEK

1. My name is Nancy L. Ranek. I am the Environmental Lead, License Renewal, at Exelon Generation Company, LLC (“Exelon”). Working with the attorneys for Exelon, I have been responsible for managing the collection of documents, data compilations, and tangible things to comply with the mandatory disclosure requirements in 10 C.F.R. § 2.336 and the Atomic Safety and Licensing Board’s Initial Scheduling Order dated May 7, 2012 (“Scheduling Order”) in this proceeding.

2. Exelon conducted a search of documents, data compilations, and tangible things in its possession custody, and control for information relevant to the admitted contention, and in the possession, custody, and control of its relevant contractor organizations, as specified in 10 C.F.R. § 2.336(a). As provided in 10 C.F.R. §2.336(c), this search encompassed information and documents reasonable available to Exelon and its relevant contractor organizations, including:

- a. Both electronic and paper documents;
- b. Corporate records, Limerick license renewal project files, and documents in the possession and control of individuals who have worked on the

Limerick license renewal project or on matters potentially relevant to the admitted contentions; and

- c. Documents, data compilations, and tangible things in the possession and control of ERIN Engineering & Research, Inc. (“ERIN”) and URS Corporation (“URS”), which assisted Exelon in preparing portions of the Limerick Environmental Report.

3. Enclosure 1 is reserved for the names, addresses, and telephone numbers of the persons upon whose opinion Exelon will base its positions on the contention and upon whom Exelon may rely as witnesses, and a copy of the analyses and authorities upon which they base their opinions. Exelon has not yet identified witnesses for any hearing on the contention.

4. Consistent with the Board’s May 7, 2012 Scheduling Order, Enclosure 2 to this Affidavit provides an index of relevant, non-privileged, non-protected documents, data compilations, and tangible things that were located as a result of this search.

5. Consistent with the Board’s May 7, 2012 Scheduling Order, Enclosure 3 to this Affidavit provides an index of relevant documents, data compilations, and tangible things that Exelon believes are proprietary to Exelon or its relevant contractor organizations, or falls within the category of Sensitive Unclassified, Non-Safeguards Information (“SUNSI”).

6. Consistent with the Board’s May 7, 2012 Scheduling Order, Enclosure 4 to this Affidavit provides an index of relevant documents, data compilations, and tangible things that Exelon believes are privileged.

7. Exelon has been conservative in identifying documents for inclusion in the enclosures. Accordingly, Exelon is not suggesting that just because a document is listed on an enclosure that it is indeed relevant to the admitted contention.

8. These disclosures are reasonably accurate and complete as of June 1, 2012.

The statements made above are true to the best of my knowledge, information, and belief.

I declare under penalty of perjury that the foregoing is true and correct.
