**SUBJECT: V.C. SUMMER NUCLEAR STATION NOTIFICATION OF INSPECTION AND
REQUEST FOR INFORMATION**

Dear Mr. Gatlin:

During the period of September 10-14, 2012, the NRC will conduct baseline emergency preparedness inspection activities at the V.C. Summer Nuclear Station. The inspection will evaluate activities in the Emergency Preparedness cornerstone using NRC Inspection Procedures 71114.02 - Alert and Notification System (ANS) Evaluation, 71114.03 - Emergency Response Organization (ERO) Staffing and Augmentation System, 71114.05 - Maintenance of Emergency Preparedness, and the Emergency Preparedness Sections of 71151, Performance Indicator Verification.

Experience has shown that this inspection is resource-intensive both for the NRC inspectors and your staff. In order to minimize the impact to your on-site resources and to ensure a productive inspection, we have enclosed a request for documents needed for this inspection. It is important that all of these documents are up to date and complete in order to minimize the number of additional documents requested during the preparation and/or the onsite portions of the inspection.

We have discussed the schedule for these inspection activities with your staff and understand that our regulatory contact for this inspection will be Mr. Corey LeSeigne of your organization. If there are any questions about this inspection or the material requested, please contact the lead inspector, Mark Speck at (404) 997-4759 (mark.speck@nrc.gov).

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). ADAMS is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

This letter does not contain new or amended information collection requirements subject to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq.). Existing information collection requirements were approved by the Office of Management and Budget, under control number 3150-0011.
