

20B Equipment Data Base

(Response to Questions 435.6, 10, 41 and 59)

Column Headings

Power Source—Indicates the source of power as shown on the electrical system oneline diagram.

Electrical Division—The number or alpha character shown in this column is the electrical divisional assignment utilized for the analysis.

1	Division I
2	Division II
3	Division III
4	Division IV
N	Non-divisional (Not Class 1E)
?	Insufficient information to determine divisional assignment

Multiple numbers per item indicate that there are multiple divisions associated with the item.

MPL Number—This is the master parts list number for the device. If the MPL number for a device was not known, a number was made up and an asterisk (*) placed at the right hand end of the number. This facilitates the tracking of devices.
