Joe,

Do you mean that, as far as the exhibit committee is aware, the public has not made requests to provide input on the Fermi 1 Nuclear Power Plant Exhibit at Monroe County Community College?

Thanks again,
John

John, per our conversation last night on the phone, this e-mail is to confirm that I am not aware of any requests for public input on the content of the Fermi 1 Nuclear Power Plant display Monroe County Community College is jointly developing with DTE Energy. Should anyone wish to provide input, I welcome them to contact me directly. My contact info is below:
