Amy –

I spoke with Bob Kitchen about a number of topics:

1. Candidate topics for the 7/5 Public Call
 - a. 9.3 Response – Staff feedback on response (version of NEI12-01 cited)
 - b. FSAR changes related to boreholes and pier sockets – PEF to describe changes. Staff to ask questions and note any concerns.
 - c. Merger – PEF to describe changes related to organization, and why no changes to organizational chart are needed. Staff to ask any questions and note any concerns.
 - d. Approach for the EP Rule – PEF to describe approach. Staff to ask questions and note any concerns.
 - e. 4.2 Response – Staff feedback on LC wording (check with Eileen on this)
 - f. Seismic re-evaluation – Staff to provide feedback on previously submitted second draft of RAI response
2. Bob advised he could likely provide for our review a 2nd draft of the seismic re-evaluation RAI response in a couple of days
3. Squib valve LC – easiest path forward is for applicant to do nothing
4. Submittal of 2 COLAs – submittal of 2nd linked COLA not a problem. Need to describe no-content-difference in submittal letter.
5. Merger – send to NRC any press releases early, if possible
6. Electric power anomalies (new issue) – expect an RAI on generic bulletin to be issued in ~ 2 weeks
