Kinectrics takes any notice of nonconformity received from the NRC seriously and  
has committed to responding with appropriate actions to resolve the issues in a  
timely matter. Some actions have been initiated based on comments received at  
the close of the inspection.

Please note that while the report completion date was listed as July 2<sup>nd</sup>, Kinectrics  
did not obtain a copy until yesterday (July 12). Please note also that the point of  
contact indicated in the covering letter to the report was identified as  
[dave.vellecoop@kinectrics.com](mailto:dave.vellecoop@kinectrics.com). The spelling of Mr. Vellekoop's name is with a K.  
Consequently, if the report was emailed on July 2<sup>nd</sup>, it would not have been  
delivered by email to Dave Vellekoop at Kinectrics.

In consideration of the report not arriving for Kinectrics attention until July 12, and  
our commitment to complete a thorough investigation and response to all  
nonconformances, Kinectrics respectfully requests an extension for the 30 day  
response to August 13, 2012.

Yours sincerely,

David Harris
