OFFICE OF SECRETARY  
RULEMAKINGS AND  
ADJUDICATIONS STAFF

The on-going events at Fukushima demonstrate that we should be preparing for disasters.

Because corporations are poisoning us for profit, I request that the NRC adopt the proposed rule expanding emergency planning zones to the respective 25, 50, and 100 mile zones and add a new requirement that emergency exercises include scenarios of regionally appropriate initiating or concurrent natural disasters. This can be paid for by the corporations that are causing these disasters.

Thank you,

Delaine Spilsbury
