**JOINTLY PROPOSED SCHEDULE

In Memorandum and Order (Requesting Further Information from the Applicant), issued by the Atomic Safety and Licensing Board (Board) on June 29, 2012, the Board ordered the parties in the above-captioned proceeding to file additional information with the Board. The Board proposed a schedule for submittal of the additional filings, but invited the parties to notify the Board if a different schedule was required "given the effort needed."¹ The Board requested that, by July 11, 2012, the parties provide notice in writing of their intent to adhere to the schedule suggested by the Board, or propose a jointly recommended alternative schedule for the further conduct of this proceeding.²

The parties have conferred and agree that additional time is required to provide the information sought by the Board's Order. Accordingly, the parties agree to the schedule provided below:
