Attachments: ML12041A479 - ForthComing Meeting to Discuss the License Renewal Process and Environmental Scoping for Callaway Plant Unit 1.pdf

Good morning Dr. Hunter,

I left a voicemail message for you this past Friday concerning our upcoming meeting in Fulton, MO to discuss the license renewal review process for Callaway Plant, Unit 1. I have attached the meeting notice which as I mentioned on the message you can also find on our public website at www.nrc.gov. You may access other documents related to Callaway Plant, Unit 1's license renewal process at www.regulations.gov by referencing ID # NRC-2012-0001. In addition, you will be receiving further correspondence regarding the license renewal process for Callaway Plant, Unit 1. Thank you for your message.

*Carmen Fells

Subject: Callaway Plant

Dear Ms. Fells,
The Osage Nation has a vested interest in the location of Callaway Nuclear Plant in Missouri, as it is within our ancestral homelands. We request a formal consultation meeting to share our concerns and participate in this process as a consulting party.

We look forward to working with you.

Sincerely,

Dr. Andrea A. Hunter

* Commission's Policy Statement on "Enhancing Public Participation in NRC Meetings,"
67 *Federal Register* 36920, May 28, 2002.

PURPOSE: The U.S. Nuclear Regulatory Commission (NRC) received a license renewal application (LRA) from Union Electric Company dated December 15, 2011, for the renewal of the operating license for Callaway Plant, Unit 1. The purpose of the meetings is for the NRC staff to describe the license renewal process and to allow members of the public the opportunity to provide comments regarding environmental issues the NRC should consider during its review of the LRA. These meetings are being conducted as part of the scoping process outlined in Title 10 of the *Code of Federal Regulations* Part 51 to support development of an environmental impact statement related to the license renewal action. See the enclosed agenda. The January 3, 2012, *Federal Register* notice (77 FRN 142) contains additional information. The license renewal application is available at <http://www.nrc.gov/reactors/operating/licensing/renewal/applications/callaway.html> on the NRC's Web page or in the Agencywide Document Access and Management System at Accession No. ML113530374. Both formal sessions will be preceded by an informal open house beginning one hour prior to each session for those who wish to attend. The open house will provide members of the public with an opportunity to speak with NRC staff. Members of the public may register to present oral comments at this meeting by contacting Ms. Carmen Fells, at 800-368-5642, ext. 6337, or by e-mail at Carmen.Fells@nrc.gov by March 7, 2012. Those who wish to make comments may also register at the meeting within 15 minutes of the start of each session. Individual oral comments may be limited by the time available, depending on the number of persons who register. Ms. Fells will need to be contacted no later than March 7, 2012, if special equipment or accommodations are needed to attend or to present information at the public meeting.

PARTICIPANTS: NRC staff and members of the public who register to speak.

AGENDA FOR PUBLIC MEETING TO DISCUSS
THE LICENSE RENEWAL PROCESS AND ENVIRONMENTAL SCOPING
FOR THE CALLAWAY PLANT, UNIT 1
LICENSE RENEWAL APPLICATION

WEDNESDAY, MARCH 14, 2012

Two Meeting Sessions: 2:00pm to 4:00pm and 7:00pm to 9:00pm*

I. Welcome and Purpose of Meeting	15 minutes **
II. Overview of Safety Review Process	15 minutes
III. Overview of Environmental Review Process	15 minutes
IV. Public Comments	As Required
V. Closing/Availability of Transcript	5 minutes

* The NRC staff will host informal discussions one hour prior to each meeting session. No formal comments on the proposed scope of the environmental impact statement (EIS) will be accepted during the informal discussions. To be considered, comments must be provided either at the transcribed public meetings (see agenda above) or in writing, as described in the attached *Federal Register* notice.

** Times listed within this agenda are approximates.

ENCLOSURE

PURPOSE: The U.S. Nuclear Regulatory Commission (NRC) received a license renewal application (LRA) from Union Electric Company dated December 15, 2011, for the renewal of the operating license for Callaway Plant, Unit 1. The purpose of the meetings is for the NRC staff to describe the license renewal process and to allow members of the public the opportunity to provide comments regarding environmental issues the NRC should consider during its review of the LRA. These meetings are being conducted as part of the scoping process outlined in Title 10 of the *Code of Federal Regulations* Part 51 to support development of an environmental impact statement related to the license renewal action. See the enclosed agenda. The January 3, 2012, *Federal Register* notice (77 FRN 142) contains additional information. The license renewal application is available at <http://www.nrc.gov/reactors/operating/licensing/renewal/applications/callaway.html> on the NRC's Web page or in the Agencywide Document Access and Management System at Accession No. ML113530374. Both formal sessions will be preceded by an informal open house beginning one hour prior to each session for those who wish to attend. The open house will provide members of the public with an opportunity to speak with NRC staff. Members of the public may register to present oral comments at this meeting by contacting Ms. Carmen Fells, at 800-368-5642, ext. 6337, or by e-mail at Carmen.Fells@nrc.gov by March 7, 2012. Those who wish to make comments may also register at the meeting within 15 minutes of the start of each session. Individual oral comments may be limited by the time available, depending on the number of persons who register. Ms. Fells will need to be contacted no later than March 7, 2012, if special equipment or accommodations are needed to attend or to present information at the public meeting.

PARTICIPANTS: NRC staff and members of the public who register to speak.
