Thanks, but get no results found for that number. When I search for letters authored by Steve Tarlton, the last one I see is dated 2/10/2012. Maybe it is not in public ADAMS yet?

Ms. Jehle:

Thanks for your prompt response. We already have the February 27, 2012 letter attached, which we obtained from ADAMS as you will see from the ML number. I believe the March 6 letter should be working its way through the system. We are requesting this more urgently because we have a brief due in the near future. We have also requested the same things from CDPHE, but have not yet received a response. However, I completely understand if you need some time to review and decide whether we need to submit a FOIA request.

I look forward to talking with you.

Duncan,

Don't send or promise him anything until I (and Jim) have a chance to figure out what he wants. I don't believe anything he is requesting is public. He may need and FOIA request (or he could contact Colorado).

Thanks – in the meantime, could I get a copy of the letter from Steve Tarleton to the NRC on March 6 that he discussed in the Denver post this morning?

In addition, I was having trouble with ADAMS last night. Is there any correspondence in 2011 between NRC and CDPHE that relates to the deficiencies in the Pinon Ridge licensing process? If so, could you provide ML numbers for the relevant documents?

FYI - I spoke with Deborah Jackson requesting the latest Tarleton letter a few hours ago.

Richard
